MATTER FOR CONSIDERATION

Council to select alignment and appoint geo tech contractor

BACKGROUND

At the last Ordinary Council Meeting Item 14.3 Ballinyoo Bridge council resolved;

COUNCIL DECISION/OFFICER RECOMMENDATION

Moved Cr W McL Mitchell, Seconded Cr M W Halleen

That Council

1. **Recognise that due to the time constraints of the R2R grant and for this reason is the reason provided for Regulation 11(f) Local Government (Functions & General) 1996.**
2. **Golder is engaged to complete geotechnical survey for the price of \$129,000.**
3. **The alignment for the new bridge be set on the 70 meter downstream option**

Motion put and LOST 0/6

Part of the debate suggested that an alignment on the existing corridor be investigated; the following correspondence has been received in this investigation;

Edrick,

The shire of Murchison is now looking at constructing the new bridge along the same alignment as the existing.

I have spoken with BGE about this and additional survey is required as highlighted below.

Please advise your availability and indicative cost to undertake this additional work ASAP.

Regards

Michael Keane

Greenfield Technical Services

1-81 Forrest St,

Geraldton, WA 6530.

From: Peter Coughlan [mailto:peter.coughlan@bgeeng.com]

Sent: Tuesday, 19 May 2009 7:26 AM

To: Michael Keane

Subject: FW: Ballinyoo bridge, next move

Michael

Additional survey is required on the current existing alignment – please see requirements below for the road design survey.

For the bridge guide banks, some additional ground levels around the existing bridge abutments, extending approximately 50m on the upstream side would be useful for the design of the new guide banks.

For the culvert location (ie current low level floodway on southern end of bridge) we would require a long section of the natural surface just on the upstream side of the road, say 20-30m offset from the centreline. This will be used for an AFFLUX hydraulic analysis to size the culvert structure.

I trust this is sufficient for the surveyors to pick up the additional data. Let me know if you need any additional information.

Regards,

Peter

From: Peter Kirk

Sent: Monday, 18 May 2009 5:10 PM

To: Peter Coughlan

Subject: RE: Ballinyoo bridge, next move

Peter,

Danny has checked the level of survey captured over the existing alignment and advises that this is relatively sparse and additional survey should be carried out.

Additional survey required:

- Top and toe of batter along existing alignment between the previously proposed upstream and downstream alignment tie-in points which have already been surveyed.
- Centre line of existing road, extents as above.
- River bed through alignment (this has been undertaken by GHD, but won't take long to repeat and will eliminate any errors in transferring data).
- Existing abutments.

To size the culvert requirements and extent of guide banks, additional survey may be required which Nick Dugan may be able to give input into.

Peter

With these adjustments to the alignment issue council can now resolve where the new alignment will be.

Heritage Issues

The Heritage Council has been advised that it is Councils intention to demolish the old bridge and build a new bridge on the same alignment. Some of the reasons for this are as follows;

- There will be a large cost on the future residents of Murchison to keep the old bridge in a condition suitable for tourism.
- The low number of rate payer base.
- Insurance issues
- Heritage and indigenous issue if a new alignment was created
- The extreme cost to extend the bridges useful life compared to a replacement.

The Heritage Council has ordered an urgent review of the structure and has already called for tenders for this work to be completed; however they are not confident that anybody will tender to complete the review.

I have sent the Heritage Council the BG &E Report for their records. The Heritage Council has been made aware of our time constraints with our funding and that the Shire will be making sure that an excellent record of what the bridge looks like is performed.

To progress the bridge, the requirement to select a supplier to carry out geo tech requirements is required.

The geo tech can perform the required drilling etc by closing the bridge to do this, as it can drill through the existing bridge to get the require survey completed. The shire will need to construct a temporary bypass, which will be required anyway.

STATUTORY ENVIRONMENT

Nil

STRATEGIC IMPLICATIONS

1.1 Plan the provision and maintenance of a safe and efficient road network

POLICY IMPLICATIONS

Nil.

FINANCIAL IMPLICATIONS

The cost of the geotech and building a bypass will be part of the R4R funding as disclosed in the 2008-09 budgets

15.1.2 Works Supervisors Report

Construction Report

Erong-Mt Gould: The shires construction crew will be mobilised to complete works as soon as the airstrip has been completed.

Airstrip- the earthworks for the landing and taxiway area was completed on 11 June. The Mixing team was mobilised on 15 June and completion of mixing is expected to be complete by 29 June.

Bridge 837- the development of a bypass for the bridge is taking shape, all materials have been ordered and commencement of construction to begin on 22 June.

McNabbs-Twin Peaks Road- Tom, Paul Squires and Rossco Foulkes-Taylor have marked out bunding requirements and repairs of old bunds. The dozer is expected to commence 5 July 2009.

Maintenance Report

Carnarvon - Mullewa road:-

Berringara - Pindar road: - Contractor engaged to start at Pindar end through to Mc nabbs Road

Erong Road- North of Innouendy has a full seven cut grade through to shire boundary, the rest of the road was touched up and sand removed.

Byro-Berringara Road- touch up of rough sections has been completed.

Carnarvon Mullewa Road- touch up of north of settlement to Butchers Track, due to truck movements from airstrip. Full grade to be completed after polocrosse. Graders to head south to boundary prior to polocrosse.

Maintenance Grids

Tom has completed a full grid audit. From this audit a replacement and maintenance program is being developed.

The grid at slk 40 repairs is due to commence 17 June

Vehicles and Equipment

MU167 Rodeo- has been returned from panel shop

MU0 Hit kangaroo and Emu –due to go to panel shop July 2009

MATTER FOR CONSIDERATION

To consider engaging a contract team to complete flood damage works

BACKGROUND

Cyclone Dominic occurred in January 2009 with a rainfall of approximately 175mm in the north eastern part of the Shire.

Expressions of Interest were called for regarding the proposed flood damage repairs. An advertisement was placed in the Geraldton Guardian and West Australian Newspapers.

There were twenty three (23) expressions received. There was an extreme amount of interest via the telephone. Due to the economic climate, there seems to be a lot of machinery around doing very little.

Three companies have been selected to tender on the scope of works. These companies are;

- Northcoast Contractors
- C.Harvey & Co
- Squires Resources

All other expressions have been notified of the result.

The three companies have been asked to formalise their expression, this may not be available for the Ordinary Meeting on Friday 19 June.

STATUTORY ENVIRONMENT

Local Government Act 1995

s 3.57(1)(2)) Provision for tendering for goods and services and reference to regulations about tendering.

Functions & General Regulations 1996

r 11(1) Provides for the procedures in tendering for goods and services.

r 11(2)(f) if the local government has good reason to believe that, because of the unique nature of the goods or services required or for any other reason, it is unlikely that there is more than one potential supplier.

STRATEGIC IMPLICATIONS

None at this stage

POLICY IMPLICATIONS

None

FINANCIAL IMPLICATIONS

The costs for the repair work to be covered by flood damage

Income Statement by Nature & Type
Income Statement Summary

MATTER FOR CONSIDERATION

Council to consider adopting the monthly financial statements for May 2009

BACKGROUND

Amendments to the Local Government (Financial Management) Regulations 1996 that were gazetted on 20 June 2008 and became effective from 1 July 2008 have resulted in regulations 34 and 35 relating to monthly financial reports and quarterly/triennial financial reports being repealed and substituted with a new regulation 34. The new regulation 34 requires that local government report on a monthly basis and prescribes what is required to be reported with the intention of establishing a minimum standard across the industry.

STATUTORY ENVIRONMENT

Local Government Act 1995

Section 6.4—Specifies that a local government is to prepare such other financial reports as is prescribed.

Local Government (Financial Management) Regulations 1996

Regulation 34 states:

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:

- (a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
- (b) Budget estimates to the end of month to which the statement relates;
- (c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- (d) Material variances between the comparable amounts referred to in paragraphs (b) and (c);
- (e) The net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5 and 6 prescribe further details of information to be included in the monthly statement of financial activity.

STRATEGIC IMPLICATIONS

None

POLICY IMPLICATIONS

MATTER FOR CONSIDERATION

Council to consider community requests for the budget

BACKGROUND

As part of the budget process the community were asked to provide requests for consideration by council for the 2009-10 budgets. The 'Budget Request' were emailed and faxed to the community and also placed in the Murchison Monologue. The following requests were received;

Sandy McTaggart

- **Grade Tailor-Mt Narryer Road-** required for transport of goats and cattle (produce) to market.
- **Access Route to Envirofund Project**
- **Access Route to Narryer Heritage Area**

Merv Tompkins

- **All weather road Berringara-Pindar Road-** It's no good having a town with fancy infrastructure if we can't get there.

Jano Foulkes-Taylor

- **Additional room/shed near the Murchison Sports Complex-**The Murchison Arts Council continues to be involved in projects which involveItems etc, which cannot be housed in the present building except by utilizing rooms required for other purposes, eg: sleeping quarters. A lot of gear, sports equipment, gymkhana gear etc is far too big to take up other room at the complex. Plans to be made with full consultation with the community groups Arts Council, Sports Club, polocrosse,etc

Patrick Walsh

- Road Drainage, cross flow Cue Berringara road-no attempt to reinstate bunds or drains since building bitumen upgrade by Crosslands/Murchison Metals.

Emma Foulkes-Taylor

- **Wife for the settlement-** someone who can oversee the maintenance, cleaning and repairs of buildings, gardens and surrounding areas. If there is a function coming up, they can prepare the sports club and surrounds, also the cleaning up afterwards.

Michael Foulkes-Taylor

- **5km passing lanes on Mullewa-Carnarvon and Pindar North Roads-** the next allocation of sealed road should not be another long section, but should be several passing stretched at strategic places, on our important roads.
- **Revamp of road signs, grids, directional & safety**

MATTER FOR CONSIDERATION

Council to consider staff positions review

BACKGROUND

A review of the current status of staff positions is required;

Chief Executive Officer- Required as per Local Government Act 1995

Administration

Current Staffing: 1 x Full Time Employee
1 x Casual as required

Previously the Shire has had a Deputy CEO Position and administration officer. With ever increasing administrative workload, a more senior position needs to be reinstated. This will be required to take on a senior role, in administration. The requirement for a part time (three days a week) would be utilised for library and research along with assisting the Deputy/Senior Administration person.

The deputy CEO/ Senior Administrator need not be a designated Senior Employee, but could be working towards that level.

Requested Staffing Position: 1 x FT Deputy CEO/Senior Administrator
1 x Part Time 3 days a week employee

Out Side Staff

Manager Works & Services- This is currently a designated senior employee

Parks & Gardens- currently one full time employee

Maintenance Crew- currently two full time employees'

Construction Crew- currently four full time employees

Cleaner- currently casual as required

STATUTORY ENVIRONMENT

Local Government Act 1995

s5.36 A local government is to employ- a person to be the CEO and; such other persons as the council believes are necessary to enable the functions of the local government and the functions of the council to be performed

STRATEGIC IMPLICATIONS

4.1 Human Resources

POLICY IMPLICATIONS

8.1.3 New Positions

No new staff positions or major restructure of existing positions shall be carried out or created without prior approval of Council.

MATTER FOR CONSIDERATION
 Council to consider purchase of freight depot Shed

BACKGROUND

The Federal Government recently approved funding to the Murchison Shire for the building of a freight depot shed.

This funding was part of the RCLIP funding, of which Murchison Shire received \$100,000 , made up of \$60,000 for the fuel supply and \$40,000 for the freight service.

An eight meter long x six meter wide and three meters high shed with insulation to the rear bay and a roller door was requested to be quoted.

Four quotes were requested and three responses received.

BLS Constructions	Aussie Sheds	Westeel Sheds	Highline Shed
	\$18,750	\$28,830	Did not quote

Once the shed has been constructed, power and the fridges will need to be installed.

STATUTORY ENVIRONMENT

MATTER FOR CONSIDERATION

That the Shire of Murchison sends all electronic correspondence in .pdf (portable document format) and includes this directive in the Council's Policy Manual"

BACKGROUND

Cr Foulkes Taylor has requested that electronic correspondence be sent in PDF format.

This would allow you to avoid the issue with regards differing versions of office when sending out files in 2007 format. As the document states PDF viewing only requires a Reader that is free to download. All the new machines you now have are capable of creating this by downloading and running the free add in. When then producing a document that needs to go out to people outside the office click on Save As in you document properties and select PDF. Let me know if you require any further assistance.
Regards

Paolo Franzoni
IT Consultant

As the Shire has updated its computers and software, many people in the Murchison Community have been unable to open some documents, as their systems are dated. Microsoft Word is the most common document that is used; Shire staff has been instructed to save word documents in the older version Word 2003, as this will solve all of the opening up problems.

CEO's activity report

BACKGROUND

CEO Report for Period 16 May 2009 to 15 June 2009

GOVERNANCE

ADMINISTRATION

- Insurance Declaration completed with LGIS

LAW and ORDER

- Introduction to Fire Fighting was well attended by shire staff and the community. 14 participant and all passed.

HOUSING

COMMUNITY AMENITIES

RECREATION & CULTURE

- Watering of polocrosse fields

TRANSPORT

- Ballinyoo Bridge- ordered the concrete sections from Rocla, estimated time of arrival is eight weeks. The geo tech has been ordered
- Airstrip- earth works completed, mixing started on 16 June 2009

ECONOMIC SERVICES

- Spraying of ants in the roadhouse

TOURISM

PRIVATE WORKS

Meetings Attended

5 June

- Meeting in Cue with Susan Madgwick, Regional Career Industry Advisor and Mark Canny, Midwest Development Commission- Possible Traineeships and building road at Pia Wadjarri

6 June

- Crosslands in Cue- Peter George and Claire Blatchford, general road update and flood damage issues.

10 June

- Regional Roads Group- Teleconference about various issues to the RRG
- Shire of Morawa requested changing Morawa-Carnamah Road from category 2 to Category 1. The group has decided that if the Shire of Morawa can produce the required traffic counts it would reconsider its view. The Southern RRG has rejected this request as well.
- Shire of Mt Magnet requested changing the \$100k funding from the Mt Farmer Road to other roads. I objected to this as it is part of the link to Mt Wittnoom-Meeberie Road. Tim Gleinister explained to Mt Magnet that under the rules of the RRG that if the work has or will not be completed by June 30 then

the money is to be returned to the pool and be reallocated to the next project on the list. The next project is the Carnarvon Mullewa Road. Mt Magnet assured the Group that it will expand the money on the Mt Farmer road by 30 June.

12 June

- At Midwest Development Commission on road from Pia Wadjarri to Settlement-See agenda item

OFFICER RECOMMENDATION

That Council;

Note the CEO Activity Report
