**3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE**

*The following question, which was taken on notice, was posed by Mrs Bridget Seaman at the Ordinary Meeting of Council on the 15<sup>th</sup> May 2015:*

*Could you tell me if the Shire of Murchison plans to adopt procedures for their Concept Forum and Public Question Time as outlined in the Department of Local Government Guidelines?*

*The CEO responded to Mrs Seaman in a letter dated the 17<sup>th</sup> June 2015. In summary, the response was:*

*The answer to the question is yes.*

*The Shire President and I have this month formulated a Public Question Time Policy and Public Question Time Procedures to clearly define how that policy will be implemented. They are both items on the agenda for the Council Meeting of Friday 19<sup>th</sup> June 2015. We have used the guidelines as a basis for the procedures, drawing on the Local Government Act 1995, section 5.24, the Local Government (Administration) Regulations 1996 Part 2 no’s 5, 6 and 7 and the Shire of Murchison Standing Orders 5.1 and 5.2.*

*We plan to work on a set of procedures for the Concept Forum over the next two months as time permits.*

**11. ACTION LIST**

No	Item	Action	Status
1	Establishment of Working Group for Accident Prevention.	Inaugural meeting held 24 <sup>th</sup> September. Group established.	Ongoing
2	Community Project Officer	Inaugural meeting held 24 <sup>th</sup> September. Group established.	Ongoing
3	Lawn Bowls	Evergreen have completed instal of bowling rinks.  Community Advisory Group to advise Council on completion ie type of shelters; fencing etc	CAG meeting 19/06/2015
4	Laundry and Accommodation Units	Fleetwood have delivered the accommodation & laundry units; handrails have been fitted; plumbers and electricians on-site this week; TV's and vast reception installed; linen purchased; fridges & kettles purchased. Still need to re-shape verandah rooves; paint verandah posts and handrails; purchase crockery and outdoor settings; complete landscaping.  Community Advisory Group to advise Council on completion	CAG meeting 19/06/2015
5	Power Supply Issues	One brief blackout 14 January 2015. Temporary cooling system assisting. One unit operating at peak load due to hot weather. EMC has been balancing load across phases.	Drawings of Community Power Supply layout has been received from EMC.
6	Ballinyoo Bridge Tender	Tender closed Monday 16 February. Bocol was nominated by council as the preferred tenderer at the March 2015 OCM. Bocol awarded contract and to commence 1 August to 1 September, depending on river flows.	Final contract has been signed by SOM. Bocol on track to commence on time. Long lead-in items, including precast concrete beams, precast concrete headstocks and steel piles have been ordered.

7	Local Preference policy and purchasing policy to be reviewed/implemented	Draft Regional Price Preference Policy adopted at the March 2015 OCM. Statewide notice of Proposed Policy given 1/04/2015. At the May 2015 meeting, council resolved to adopt the Buy Local – Regional Price Preference Policy; and to Give State-wide public notice that it has adopted the Buy Local – Regional Price Preference Policy.	State-wide public notice of the adoption was advertised in the West Australian on 23/5/2015 and so the Shire of Murchison can now use the Buy Local – Regional Price preference policy as part of its purchasing strategy. <b>Complete.</b>
8	Socially sustainable projects	Following the Annual Elector's meeting council resolved to add this item to the action list. Following on from wild dog initiatives would like to see funding towards other socially sustainable projects to assist the community	Address this in the 2015-16 Budget
9	Cemetery and Remembrance Walk (walk)	Completion of the cemetery and names for the remembrance walk. Community to be contacted to suggest names for inclusion.  Community Advisory Group to advise Council on these projects.	CAG meeting 19/06/2015
10	FOI	Council need to review their Freedom of Information Statement to ensure it is correct regarding the review process	Yet to be actioned
11	Review of Road Network	Council to conduct a whole of shire road review. Establish roads to be closed/position of roads etc. and work with Landgate and surrounding shires. Full road pick-up has been undertaken by Greenfields and has been finalised – this was mainly to establish correct infrastructure values but will form a good basis from which to start.	Ongoing. Undesignated unsurveyed roads was bought up as a discussion point at the May zone meeting.

### Recommendation:

That the Action List be accepted.

*The CEO worked through the Action List, explaining updates and current status.*

*It was agreed to take no 5. Power Supply Issues off the Action List as it seemed probable that the power issues were due to overheating, which had been resolved very simply by using a fan to cool the motors.*

*The CEO queried no 8. Socially sustainable projects and asked for some direction for this Action item. There was a general consensus that the Community would need to be involved in this as it was an action that had come out of the Annual Electors Meeting.*

*The CEO asked for some direction regarding no 11. Review of Road Network. The full road pick-up had been finalised and road asset values updated in the financials. The CEO asked what other actions Council wanted from the review. The response was that we need to follow up with Landgate and make sure maps reflect the current status of our roads. The President mentioned that this could be followed up at the MEG meeting.*

*Councillor Foulkes-Taylor suggested to add the Drug & Alcohol Policy to the Action list. Councillor Broad responded saying that items are added to the list from actions coming out of meetings. A motion would be required to add it to the list. Councillor Foulkes-Taylor agreed to withdraw now and bring it back in later.*

### 13.2 Works Report – Works Supervisor 11<sup>th</sup> May – 13<sup>th</sup> June

#### **Construction**

Crew have completed the reforming and gravel sheeting works program on the Carnarvon-Mullewa road commencing from the end of the Bitumen just north of Settlement to the Butcher-Track Intersection which consisted of:

- Clearing of road side from the northern end of the breakaways to 250m past Butchers Track intersection and 100m down Butchers Track.
- Old/new drains cleared and made longer
- Removal of old H-iron 24ft grid
- Pushing up of gravel in three pits. Total 18,000m<sup>3</sup>
- 8.75km of reforming sub grade by pulling in from both sides of road
- Gravel carted then Polycom added, mixed, spread and rolled with 3% centre cross fall.
- 3.3km section through the Breakaways reshaped and wet rolled plus two sections in the breakaway re-sheeted - approx. 600m (low areas where water sitting on road).
- New direction sign at Butcher Track intersection
- Signage for floodway's, crests, curves and guide posts replaced/added where necessary.

With the completion of these works on the Carnarvon-Mullewa road crew then moved plant and equipment to the Wooleen-Mt Wittenoom road to commence the new 2.6km alignment.

#### **Maintenance**

Glen and Neil have completed a full grade on the Woodleigh-Byro road and are now back on the Carnarvon-Mullewa road grading north of Byro.

The roads the crew are grading in the northern section of the shire are under flood damage claim but require a grade to tidy up all bad gutters and creek crossings damaged by the flooding rains in March.

Crew will tidy up and lightly cut over the following roads:

- Beringarra-Byro
- Erong
- Yunda - full grade
- Innouendy
- Beringarra-Cue - gravel section only full grade
- Beringarra-Mt Gould
- Beringarra-Pindar
- Nookawarra-Mileura

From here they will continue grading south down the Beringarra Pindar road toward Boolardy, eventually catching up with the construction crew working north.

### Flood Damages Roads

An inspection of all roads damaged by the rains in March has been conducted and an estimate of costs for repairs has been completed. This estimate was sent to the shire for review and was signed off and submitted to MRWA on 10/06/2015 for approval.

Total estimated cost is \$7.7M.

### Grids

Work on the road approaches to the 6 new grids is now under way.

Gravel has been carted in by local contractor Walladar Enterprises

Squires Resources have the contract to mix spread and roll the gravel approaches to the 6 grids and should be finished by Friday the 19/06/2015.

With the completion of the grid works Squires Resources grader will then help with the light grade of the flood damage roads in the southern section of the shire.

### Floodway's

The works program for the placement of 18 new floodway's on the bitumen section of the Beringarra-Cue road is under way with all of the gravel carted to the 4 lay down pads. 75 tonnes of cement was delivered on site Wednesday 10/06/15 with the remaining 75 tonnes to be delivered later next week.

Ripping up of old Bitumen/Calcrete sub grade commenced on Monday 8/06/2015. Some of the bitumen/calcrete removed has been placed on the up side of the new floodway's to act as contour banks.

Ivor from the heavy maintenance crew has completed 3 weeks pot-holing the Beringarra-Cue Road .

**Recommendation:**

That the Work’s Supervisor’s report be accepted.

*The Works Supervisor worked through the report. The 12H grader is ready to come back – the problem was the injectors, which have been refurbished and replaced. An oil sample was taken after it was given a work-out and all is clear.*

*The dozer is down hours because it pushed up gravel for the Beringarra Cue floodways job and the operator then helped with bitumen patching.*

*Councillor Squires noted that it was good to see 183 hours on the maintenance grading.*

*President Halleen commented on the difference in hours on the generators and suggested that we use the low hour one a bit more. The Works Supervisor responded saying that it had been decided to rely on one a bit more than the other so that we didn’t have to replace both at once. Councillor Williams suggested that by the time it came to replace the unit, that we would probably need a bigger or alternative unit, which might not work trading only one out. Load share may be difficult to set up with two different size generators. Councillor Squires said that battery power is cheap and solar panels and inverters are clever. Instead of increasing the size, we may look at solar in the future. He also commented that the dozer has done quite a few hours since the repaint and is still looking good and so the operator must be looking after it.*

*There was a general discussion regarding the work on floodways on the Beringarra Cue Road, the flood damage claim and guide posts being lost to machines, cattle and roos. Councillor Broad queried putting in a better quality post; Councillor Squires commented that Albany Shire use timber posts because they are only \$2 each but the Works Supervisor clarified that timber posts need quite a wide hole so that they fall over if hit.*

*President Halleen mentioned that the Department of Agriculture are looking to train Councils/grader operators so that they don’t erode the country and asked if we could also get some training happening in this area. Councillor Squires commented that if any training is organised for the crew, then the Community should be invited along and charged their fair share, but excluding travel and accommodation as the Shire would have to pay that anyway.*

*Councillor Foulkes-Taylor suggested that we should include an extra amount in the 15-16 training budget.*

### 13.3 Environmental Health Officer – Report following visit to Murchison

## ACTION SHEET

Council's Environmental Health Officer – Philip Swain

**Date: 20-22 April 2015**

**Next visit proposed July 2015**

Date	Subject	Action Taken
20/11/2014	Pest Control Inspection - Cue	In November last year I arranged for the vehicle pest control inspection to be conducted in Cue, for the operator at Murgoo Station to enable licensing of the same. <b>Action: No further Action</b>
20/4/2015	Wooleen Station Nature Based Caravan Park Approval	The correspondence following the previous report to Council has been prepared and has been sent to the Minister's office as the proposed park is within 50km of the Shire's existing caravan park facility. <b>Action: Pending Ministerial Approval</b> <i>Note: Since the Council decision and the correspondence the State has amended the legislation and the Shire can now approve the site subject to conditions.</i>
20-22/4/2015	Water Supply Murchison Settlement	In May 2014 at the full Council meeting the following was resolved; <i>That Council resolves to;</i> <i>(i) Retain the existing reticulated water supply within the Murchison Settlement as a non- potable supply;</i> <i>(ii) Direct Administration to install appropriate signage identifying the non-potable status of the water supply throughout the settlement;</i> <i>(ii) Directs Administration to advise all residents of the status of the settlement water supply accordingly; and,</i> <i>(iii) Directs Administration to make the necessary arrangements with the Department of Water and the Department of Health to recognise the Murchison Settlement supply as non-potable.</i> To date signage has been installed on the access roads and I have sourced, at the previous Acting CEO's request, signs to be installed in public areas around the settlement. The Shire has sourced an Ultra Violet Treatment Unit for installation at the Roadhouse as a food business and I will continue to sample this supply and Wooleen Station. The CEO has also requested that I arrange for a suite of chemical tests to be undertaken in the near future so I will arrange for bottles to be sent up to test the bore. I have installed signage in the public facilities around the Settlement and have left a supply of signs with Brian & Trevor. <b>Action: Signage to be installed on public accessible supplies at gazebo and roadhouse. CEO to determine appropriate staff access to potable water and information regarding treatment of water within the settlement. PS to take water samples and assess results.</b> <i>Note: The water results for the supply tank and Roadhouse were poor. I have arranged a 2 day site visit in July in discussions with the CEO to establish a broader water sampling regime for the settlement and I will make further recommendations about the same in due course.</i>
20/4/2015	New Dwelling	I have again inspected the refurbished transportable. The installation of verandahs, carports, paths and fencing has been completed. The septic installation permit has been issued and the dwelling does not require final certification before being used. <b>Action: No Further Action</b>

20/4/2015	Refuse Site/s	<p>Quotation has previously been sought from the surveyors to create new reserves for the existing and proposed landfill sites that identify “waste disposal” or “municipal purposes” as approved land uses. I have inspected the site and the excavations will provide many years of landfill trench, and currently complies with the Regulations (Maximum trench length 30m and weekly-monthly waste cover).</p> <p>The quotation for the survey work was substantial and is to be included in budget deliberations for 2015-16. The previous site has been pushed over and tidied up significantly. It is recommended that signage be installed on the new access road to ensure no dumping occurs at the old site.</p> <p><b>Action: CEO to include survey costs in budget deliberations. The Works Supervisor is to arrange signage for access to new site.</b></p>
21/4/2015	Sportsmans Club	<p>The Airconditioning Vents in the kitchen area need to be repaired/resealed to the ceiling. The ceiling is asbestos cement and all holes/openings to the ceiling space should be sealed to minimise the risk associated with the same. I have installed signage in the kitchen and bar relating to the non-potable status of the water supply.</p> <p><b>Action: CEO to organise repair/reseal of vents for kitchen and have the same sealed to the ceiling. All holes and openings to the ceiling space to be sealed with silicone sealant.</b></p>
21/4/2015	Food Business Inspection - Roadhouse	<p>The new proprietors have now been registered for the food business and I have conducted the routine inspection. The only major issue is the water supply and the necessary improvements to satisfy to DoH regarding water quality. In the interim I have advised the proprietors that any salad preparation and use of water in cooking should be bottled water. The premises are in a very clean condition and all equipment is operating well including fridges and freezers.</p> <p>Items requiring attention from the previous visit have been attended to;</p> <ol style="list-style-type: none"> <li>1. The water supply issue needs to be addressed with the installation of the UV unit;</li> <li>2. Pest control by the Shire and or the proprietor needs to be recorded, at the roadhouse, to demonstrate that it is occurring;</li> <li>3. The operators are to obtain a probe thermometer and undertake regular checks of cook cool foods. I have provided information to the proprietors in this regard.</li> </ol> <p><b>Action: Above items to be addressed by Shire /Proprietors.</b></p>
21-22/4/2015	Caravan Park Inspection	<p>I have inspected this facility and the park is generally well maintained. I am very concerned about the lack of provision of fire fighting equipment in the form of hose reels. Although the Shire can approve the use of fire extinguishers and these are provided, I believe the current arrangements are inadequate. Fire hose reels need to be ordered for both ends of the caravan area. All existing fire services were inspected and tagged in May 2014 and are now due for servicing.</p> <p>I have been concerned about the state of the septic installation and have liaised with the Department of Health (DoH). This matter can be addressed in conjunction with the installation of the laundry facility as a repair to the existing system. With staff assistance the existing tanks have been exposed and I have issued an approval for 2 new leach drains. I have also issued the approvals for the new systems on the units and the laundry building.</p> <p>Items requiring attention are;</p> <ol style="list-style-type: none"> <li>1. Fire hose reels to be installed at both standpipes at the ends of the caravan park;</li> <li>2. The hose stands be included in the fire services inspection regime;</li> <li>3. Septic repairs as per approval;</li> </ol>

		<p>4. Fire services to be tested</p> <p><b>Action: Fire hose reels and maintenance items to be attended to by CEO/staff. Septic installations to be tendered and be installed in accordance with the approvals.</b></p>
Pending	RV Dump Point	<p>The Dump point has now been installed and is in use. I am still investigating the possibility of the Shire licensing its trailer mounted controlled waste vehicle to reduce pump out costs.</p> <p><b>Action: EHO to initiate controlled waste vehicle application.</b></p>
Pending	Building Compliance issues	<p>The Building Act 2011 and Regulations contain references in the schedules relating to permits with mean that permits for construction and demolition are not required in the Shire. The delegations have now been amended to reflect the legislative changes. I am negotiating with the Shire of Merredin Building Surveyor is prepared to provide Certificates of Design Compliance and issue any notices in the future should these be required. The CEO will need to appoint Mr John Mitchell of the Shire of Merredin in due course. I am recommending a policy to Council that all buildings within the settlement be constructed subject to a CDC having been issued for the same.</p> <p><b>Action: PS to provide report on other Building Surveying services and draft policy on building matters.</b></p>
Pending	Controlled Waste Vehicle	<p>As above, I believe the Shire should explore the possibility of having a “Controlled Waste” vehicle on site for pumping out the RV Dump point and septic as required. I have sought licensing and registration information on this from the Department of Environmental Regulation. Works staff are to provide vehicle details to the CEO to progress this matter.</p> <p><b>Action: CEO to forward vehicle information for trailer mounted unit. EHO to confirm approval process to establish controlled waste collection and disposal at Murchison Settlement</b></p>
Pending	Settlement Swimming Pool	<p>As advised previously the pool is not a public pool and therefore does not require full compliance with the Health (Aquatic Facilities) Regulations 2007. I have inspected the gates and fences and they are compliant. As before, I recommend that Council consider the installation of a continuous monitoring and chlorination system such as a “Chemigem”.</p>

**Recommendation:**

That the Environmental Health Officers report be accepted.

*The CEO worked through the Environmental Health Officers Report. In regard to the approval for Wooleen Nature Based Park, she mentioned that we have had a response from the Ministers Office stating that legislation had recently changed and that the Ministers approval was no longer required for Nature Based Parks closer than 50km to an existing caravan park facility. This meant that the Shire was free to issue a permit based on conditions from the guidelines provided.*

*There was a discussion regarding the Settlement water supply and its non-potable status. There was a general consensus that further research should be carried out so that a filtration unit could be installed to make the water potable in the long term.*

**14. ANNOUNCEMENTS CONCERNING MEETINGS ATTENDED**

**14.1 Shire President**

*President Halleen attended no meetings.*

*He noted that the Shire and the Polocrosse Club had been successful in their application for a grant through Royalties for Regions – Midwest Regional Grants Scheme for \$47,000 for an Equestrian Stabling Centre. President Halleen tabled the notification from Minister Terry Redman. They will need to get together in July to get started. Craig Wendt will work with the community to get the new stables built.*

**14.2 Councillors**

*Councillor Broad attended the State Council meeting on the 3<sup>rd</sup> June 2015:*

*WALGA’s Strategic Plan 2016-2030 was endorsed as was the 2015-16 Budget.*

*Councillor Broad pointed out that in regard to WALGA membership, that subscriptions make up only 9% of WALGA’s budget. In other states this figure is more than 50%.*

*Councillor Whitmarsh attended the CRBA meeting on the 16<sup>th</sup> June 2015:*

*The main item was that Bill Currans may be appointed Executive Officer for the group, 2-3 days per week for a six month trial;*

*The drought assistance package from the Federal Government of \$250k has been confirmed, with a proposed date of 21 July to teach people how to set traps and setup strategic wild dog control property plans, etc;*

*Also looked at risk assessment issues with a proposal at the Department of Health to allow any licensed person to handle poisons;*

*Need to look for new sources of funds as R4R winds up in a year;*

*In regard to doggers’ contracts, there is talk that they might be extended to two years to give doggers some job security to be discussed at a dogger and co-ordinator meeting in Upper Gascoyne on the 17<sup>th</sup> of July.*

*Councillor Squires asked what was involved in getting an extension to the R4R funding and Councillor Broad responded that you would lobby Minister Redman through CRBA and grower groups.*

*The following motion was endorsed by Council:*

<b>Council Decision:</b>		
<b>Moved: Councillor Foulkes-Taylor</b>	<b>Seconded: Councillor Squires</b>	
<i>That the Shire writes a letter of support to Minister Redman in regard to extending the Royalties for Region dogging fund and cc the CRBA.</i>		
<b>Carried</b>	<b>For: 6</b>	<b>Against: 0</b>

*Councillor Whitmarsh continued his summary of the CRBA meeting:*

*There is a Memorandum of Understanding between the Department of Agriculture and the Department of Parks and Wildlife in regard to mobile mapping for tracking wild dogs;  
The AGM is planned for the late September, probably the 21<sup>st</sup>.*

*Councillor Squires attended no meetings and apologised for missing the annual road inspection.*

*Councillor Foulkes-Taylor attended no meetings.*

*Councillor Williams attended no meetings.*

**Matter for Consideration:**

Council to consider adopting the Schedule of Fees and Charges for inclusion in the 2015-2016 Budget.

**Background:**

A local government may impose and recover a fee or charge for any goods or services it provides or proposes to provide, other than a service for which a service charge is imposed. In determining the amount of the fee or charge for goods or services, a local government is required to take into consideration the cost

of providing the goods or services, the importance of the provision to the community and the price at which the goods or service can be provided by an alternate provider. The basis for providing a fee or charge is not to be limited to the cost of provision except for the following services:

- (a) provision of copies of information requested under section 5.96;
- (b) receiving an application for approval, granting an approval, making an inspection and issuing a license, permit, authorization or certificate under section 6.16(2)(d);
- (c) prescribed under section 6.16(2) (f), where the regulation prescribing the service also specifies that such a limit is to apply to the fee or charge for the service

### **Comment:**

All fees and charges have been revised considering the cost to Council and by comparing the proposed Fee or Charge to that charged by alternative suppliers in a similar situation.

Fees for Dog and Cat Registrations are governed by State legislation and may change during the financial year. As of the 1 November 2015, all dogs must be microchipped. Proof of microchipping must be provided prior to registration as of that date.

This year I have included the price of fuel, to give the community clarity as to how we set our pump prices.

There are two suggested additions to our Fees and Charges Schedule – a charge for vegetables sold from the tunnel and a charge for access to FOI documents.

To date, vegetables have been sold from the tunnel on a rather ad hoc basis. The intention is not to compete with the roadhouse, but to make good use of the tunnel which has been part of the community for about five years now. Vegetables grown without sprays or fertilisers give people the opportunity to buy fresh produce that is otherwise not available out here. We have researched the current price for our range of vegetables from one of the chain supermarkets and I suggest, that in order to give the administration staff some direction as to what we charge, that we charge 50% of that price, rounded up to the nearest 25 cents. The prices in the schedule have been calculated on that basis.

I also suggest that we charge for requests to access/copy documents made under the Freedom of Information Regulations. The charges are based on the Freedom of Information (Charges) Regulations 1982 and should fairly reflect the work involved in providing access to documents on request.

### **Statutory Environment:**

Local Government Act 1995

Section 6.16 - Allows a local government to impose and recover a fee or charge for any goods or services it provides or proposes to provide. Fees and charges are to be imposed when adopting the annual budget, but may be imposed during the financial year and amended from time to time by giving public notice.

Freedom of Information Act -4.1 Section 29 authorises and agency or minister to impose a charge for providing access to a document. The charge is to be assessed in accordance with the Freedom of Information (Charges) Regulations 1982.

**Matter for Consideration:**

That Ministerial Approval be sought to adopt differential general rates as detailed below for the Shire of Murchison for the 2015-16 Financial Year.

**Background:**

At the May council meeting Council Resolved:-

**Council Decision:**

**Moved: Councillor Squires**

**Seconded: Councillor Williams**

*That Council introduces differential rates and sets minimum rates in the 2015-16 year as per Option 1 of the Appended Table.*

*Payment of rates charges may be made in a single payment or by four instalments at dates to be set as part of the budget adoption.*

*An administration fee of \$15 will apply to the instalment option and an 8% penalty interest will apply to late payments.*

**Comment:**

The intention to impose differential rates was advertised in accordance with s6.36 of the Local Government Act 1995 in the Geraldton Guardian newspaper on Friday 20th May 2015

The advertisement contained details of each differential general rate and minimum payment endorsed by Council and invited submissions from electors or ratepayers in respect of the proposed differential general

rate or minimum payment and any related matters within 21 days. Submission closed on the 12<sup>th</sup> June 2015 and no submissions have been received. Before adopting the differential general rates and associated Minimum Rates, Council is required to seek Ministerial Approval under s6.33 (3) of the Local government Act as the UV Mining Rate is more than twice the lowest differential general rate.

### Statutory Environment:

Local Government Act 1995

Division 6 - Rates and Service Charges

Subdivision 2 — Categories of rates and service charges

#### 6.33 – Differential general rates

(3) In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.

#### 6.35 – Minimum Payment

(6) For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories

(c) to each differential rating category where a differential general rate is imposed

#### 6.36. Local government to give notice of certain rates

(1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so.

### Sustainability Implications

There are no known significant environmental implications associated with this decision
- **Economic**  
There are no known significant economic implications associated with this decision
- **Social**  
There are no known significant social considerations associated with this decision

### Strategic Implications:

Nil

### Policy Implications:

Nil

### Financial Implications:

Differential rating allows Council to improve the rate base and offers all rate payers the opportunity to make an equitable contribution to the maintenance of infrastructure assets.

### **17.1 Review of Strategic Community Plan**

File:	4.39
Author:	Dianne Daniels – Chief Executive Officer
Interest Declared:	No interest to disclose
Date:	15 <sup>th</sup> June 2015
Attachments:	Strategic Community Plan – Revision Date 19 <sup>th</sup> June 2015

**Matter for Consideration:**

Council to consider the Desktop Review of the Shire of Murchison Strategic Community Plan.

**Background:**

The Shire's first Strategic Community Plan under the new Integrated Planning Legislation was adopted by an absolute majority of Council on the 17<sup>th</sup> May 2013. According to legislation, the Strategic Community Plan needs to be reviewed regularly to ensure that it is relevant to the Community. At minimum, a desktop review is required every two years and a full review every four.

**Comment:**

For this Desktop Review, I have updated the status of 'Actions to Date' and 'Actions Planned' and addressed the Key Performance Criteria within each of the four community well-being priorities – Economic, Environmental, Social, and Civic Leadership. Please note that review notes have been inserted over the original Plan in orange.

Comments/submissions were invited from the community. The plan was emailed to all on the 'Community' email list on Monday the 8<sup>th</sup> of June, 2015 with the final date for submissions being 4 pm Monday 15<sup>th</sup> June 2015. No comments/submissions were received.

**Statutory Environment:**

Local Government Act 1995

5.56. Planning for the future

- (1) A local government is to plan for the future of the district.
- (2) A local government is to ensure that plans made under subsection (1) are in accordance with any regulations made about planning for the future of the district.

Local Government (Administration) Regulations 1996 Part 5 Division 3 19(c)

19C. Strategic community plans, requirements for (Act s. 5.56)

- (1) A local government is to ensure that a strategic community plan is made for its district in accordance with this regulation in respect of each financial year after the financial year ending 30 June 2013.
  - (2) A strategic community plan for a district is to cover the period specified in the plan, which is to be at least 10 financial years.
  - (3) A strategic community plan for a district is to set out the vision, aspirations and objectives of the community in the district.
  - (4) A local government is to review the current strategic community plan for its district at least once every 4 years.
  - (5) In making or reviewing a strategic community plan, a local government is to have regard to —
    - (a) the capacity of its current resources and the anticipated capacity of its future resources; and
- Local Government (Administration) Regulations 1996
- (b) strategic performance indicators and the ways of measuring its strategic performance by the application of those indicators; and
  - (c) demographic trends.
  - (6) Subject to subregulation (9), a local government may modify its strategic community plan, including extending the period the plan is made in respect of.
  - (7) A council is to consider a strategic community plan, or modifications of such a plan, submitted to it and is to determine\* whether or not to adopt the plan or the modifications.

\*Absolute majority required.

- (8) If a strategic community plan is, or modifications of a strategic community plan are, adopted by the council, the plan or modified plan applies to the district for the period specified in the plan.
- (9) A local government is to ensure that the electors and ratepayers of its district are consulted during the development of a strategic community plan and when preparing modifications of a strategic community plan.
- (10) A strategic community plan for a district is to contain a description of the involvement of the electors and ratepayers of the district in the development of the plan or the preparation of modifications of the plan.

**Strategic Implications:**

Review of the Plan against Key Performance Indicators' is vital to ensure that Community aspirations are being met.

## Sustainability Implications

- **Environmental**  
This is one of the four main themes of the Strategic Community Plan – to improve the sustainability of land use and improve the condition of the environment. Reviewing the plan ensures that the Community is kept informed on the progress of environmental strategies detailed in the plan.
- **Economic**  
This is one of the four main themes of the Strategic Community Plan – to develop the region's economic potential to encourage families and businesses to stay in the area. Reviewing the plan ensures that the Community is kept informed on the progress of economic strategies detailed in the plan.
- **Social**  
This is one of the four main themes of the Strategic Community Plan – to develop, coordinate, provide and support services and facilities which enhance the quality of community life in the Shire. Reviewing the plan ensures that the Community is kept informed on the progress of social strategies detailed in the plan.

**Matter for Consideration:**

Consideration of request for sponsorship for the gymkhana to be held on Sunday 4<sup>th</sup> October 2015, during the Landor races weekend.

**Background:**

Over the past few years the shire has assisted the Eastern Gascoyne Gymkhana Club by agreeing to print the programmes for the gymkhana they run on the Sunday of the Landor races weekend. Last year we printed 100 programs, A4 double-sided. We have no record of whether they were colour or black and white, but if they were in black and white the cost would have been \$30 and if in colour the cost would have been \$90.

**Comment:**

I have received a letter asking whether the shire is able to continue its sponsorship again this year by printing the programmes. There will be the same sort of number and cost involved as last year. If we are unable to assist then they will need to pursue other sponsorship. If we are able to assist then our sponsorship will be acknowledged. In view of the small amount involved I would recommend to council that the sponsorship, by way of printing of the gymkhana programmes, be continued. The Eastern Gascoyne Gymkhana Club is a local club and many members of the Murchison community are involved with the club and/or the Landor Races and traditionally have been for many years.

Council to consider adopting the Public Question Time Procedures.

**Background:**

According to the Local Government Act 1995, time must be made available at every Council meeting (whether ordinary or special) and every meeting of a committee with delegated powers or duties, for members of the public to ask questions.

**Comment:**

A Public Question Time Policy has been adopted to set the overarching rules to assist in the proper management and operation of public question time and to promote efficient and effective use of time. The Public Question Time Procedures sit under that Policy to clearly define how that policy will be implemented.

**Statutory Environment:**

Local Government Act 1995

5.24 Question time for public

- (1) Time is to be allocated for questions raised by members of the public and responded to at –
  - (a) every ordinary meeting of council; and
  - (b) such other meetings of councils or committees as may be prescribed.
- (2) Procedures and the minimum time to be allocated for the asking of and responding to questions raised by members of the public at council or committee meetings are to be in accordance with regulations.

Local Government (Administration) Regulations 1996

Part 2 – Council and committee meetings

- (5) Question time for public, meetings that require prescribed (Act s. 5.24)  
For the purposes of section 5.24 (1)(b), the meetings at which time is to be allocated for questions to be raised by members of the public and responded to are –
  - (a) every special meeting of council;
  - (b) every meeting of a committee to which the local government has delegated a power or duty.
- (6) Question time for public, minimum time for (Act s. 5.24(2))
  - (1) The minimum time to be allocated for the asking of and responding to questions raised by members of the public at ordinary meetings of council and meetings referred to in regulation (5) is 15 minutes
  - (2) Once all questions raised by members of the public have been asked and responded to at a meeting referred to in subregulation (1), nothing in these regulations prevents the unused part of the minimum question time period from being used for other matters.
- (7) Question time for public, procedure for (Act s. 5.24 (2))
  - (1) Procedures for the asking of and responding to questions raised by members of the public at a meeting referred to in regulation 6(1) are to be determined –
    - (a) By the person presiding at the meeting; or
    - (b) In the case where the majority of the council or committee present at the meeting disagree with the person presiding, by the majority of those members,  
Having regard to the requirements of subregulations (2), (3) and (5).
  - (2) The time allocated to the asking and responding to questions raised by members of the public at a meeting referred to in regulation 6(1) is to precede the discussion of any matter that requires a decision to be made by the council or the committee, as the case may be.
  - (3) Each member of the public who wishes to ask a question at a meeting referred to in regulation 6(1) is to be given an equal and fair opportunity to ask questions and receive a response.
  - (4) Nothing in subregulation (3) requires –

- (a) A council to answer a question that does not relate to a matter affecting the local government; or
  - (b) A council at a special meeting to answer a question that does not relate to the purpose of the meeting; or
  - (c) A committee to answer a question that does not relate to a function of the committee.
- (5) If, during the time allocated for questions to be raised by members of the public and responded to, a question relating to a matter in which a relevant person has an interest, as referred to in section 5.60, is directed to the relevant person, the relevant person is to –
- (a) Declare that he or she has an interest in the matter; and
  - (b) Allow another person to respond to the question.

#### Standing Orders Local Law 2001

- (5) Meetings – Public Conduct
  - 5.1 Admission and Removal of the Public
    - 5.1.1 The public is admitted to Council meetings on the basis that no expression of dissent or approval, conversation or interruption to the proceedings of the Council shall take place. In the event of any such interruption, the President may use discretion and without a vote of the Council, require those interrupting to withdraw. The person or persons concerned shall immediately withdraw from the meeting.
    - 5.1.2 Any person, not being a member of Council who interrupts the orderly conduct of the Council who does not withdraw immediately upon being called by the presiding person to withdraw from the meeting, may, by order of the President, be removed from the meeting.

#### Recommendation:

That the Shire of Murchison Public Question Time Procedures detailed below be adopted as a guide to the proper and efficient management of Public Question time at council and prescribed meetings.

#### THE SHIRE OF MURCHISON PUBLIC QUESTION TIME PROCEDURES:

##### Objective

To ensure that available time is used efficiently and effectively and that members of the public are given a fair and equal opportunity to participate.

##### Prior to the Meeting

1. All questions are to be sent to the CEO at least 48 hours prior to a Murchison Shire Council ordinary meeting or prescribed meeting, on the approved form.
2. A register will be provided at least 30 minutes prior to the meeting for members of the public to register their names.

**During the Meeting**

1. Questions will be taken in the order of registration.
2. If a member of the public is in chambers at the time of public question time and if the presiding person allows, a question may be asked without notice.
3. A member of the Public who raises a question during question time must –
  - (a) first state his or her name;
  - (b) direct the question to the presiding member;
  - (c) ask the question briefly and concisely, without preamble
  - (d) ensure that the question is not accompanied by any expression of opinion, statement of fact or other comment;
4. If any question being asked by any member of the public is deemed inappropriate, then the presiding person may interject and ask the person to rephrase their question, or the presiding member may rule the question as inappropriate, in which case the question will not be considered. An inappropriate question is one:
  - (a) that does not relate to local government matters;
  - (b) that is offensive or defamatory;
  - (c) that contains offensive language;
  - (d) that questions the competency of staff or council members;
5. If a question is asked that has been asked at a previous meeting and a response has been provided, then the presiding person should advise the questioner accordingly and refer him or her to the minutes of the meeting at which the response was provided;
6. The presiding person will answer the question, nominate who will answer the question or take the question on notice if more time is required to research the question in order to provide an appropriate answer.
7. Once a question has been answered there will be no debate deriving from any question.
8. Public question time will be 15 minutes total time before moving on to the main council agenda, unless the presiding person allows an extension of question time.
9. Any person asking questions to council has a limit of 5 minutes in which to ask their questions, unless the presiding person allows an extension of time.
10. Once public question time is over and the council meeting resumes, no member of the public may interject at any time.
11. The public is admitted to Council meetings on the basis that no expression of dissent or approval, conversation or interruption to the proceedings of the Council shall take place. In the event of any such interruption, the President may use discretion and without a vote of the Council, require those interrupting to withdraw. The person or persons concerned shall immediately withdraw from the meeting. (Standing Orders 5.1.1).
12. Any person, not being a member of Council who interrupts the orderly conduct of the Council who does not withdraw immediately upon being called by the presiding person to withdraw from the meeting, may, by order of the President, be removed from the meeting. (Standing Orders 5.1.2)

**Following the meeting**

1. Minutes of the meeting are to contain a summary of each question asked and the response given.
2. Questions taken on notice should be researched and a written response provided to the questioner in a timely manner, assuming they have provided a name and contact details.
3. Response to questions taken on notice must be included in the minutes of the following meeting.

*Councillor Broad thought that number 6 wasn't necessary; that having the 48 hour clause negated it. Councillor Squires queried the 48 hour clause; Councillor Williams concurred with Councillor Broads thinking that 48 hours should give you the opportunity to prepare an answer but you still need to be able to say 'not enough time, taken on notice'.*

**Matter for Consideration:**

Council to consider changing the verandahs rooves on the new units of accommodation and laundry at the Murchison Oasis Roadhouse and Caravan Park so they are more in keeping with the 'turtleback' style of the roadhouse and existing ablutions. Council also to consider the colour of the paint for the verandah posts and handrails and the landscaping.

**Background:**

Tenders for the supply and installation of accommodation units and a laundry at the Murchison Oasis Roadhouse and Caravan Park were advertised in the West on the 13<sup>th</sup> August 2014. At the Ordinary Meeting of Council on the 19<sup>th</sup> September 2014, it was resolved to accept the tender from Fleetwood, who installed the units in April.

**Comment:**

There has been disappointment from members of the Community Advisory Group that the rooflines aren't in keeping with the turtleback design of the rooves on the Roadhouse and existing ablutions. We have received a concept design for curved verandah rooves from Fleetwood (attached) for the new units and laundry and should have a price for tomorrow's meeting.

The Community Advisory Group were to have inspected the project this morning in order to make some recommendations to Council regarding these finishing items, but the wet weather meant that roads have been closed and people can't get into the Settlement. Some emailed ideas are:

Sandy McTaggart

*Turtle the verandah, including the end;*

*Do away with the timber verandah floor and build up dirt to building and then cover with pavers, finish with a metre of bricks (the same as existing accommodation units);*

Natalie Broad

*Happy with Fleetwood curved roof design;  
Paint verandah posts and handrails in grey so that it matches existing ablutions;*

**Recommendation:**

*That Council:*

1. *accept Fleetwood's quote to supply/supply and fit (delete whichever is not relevant) the curved verandah rooves as per the concept plans attached;*
2. *accept CAG's recommendation to paint the verandah posts, handrails, fascias in grey to match grey paint on body of buildings;*
3. *landscaping TBA.*

*1. accept Fleetwood's quote to supply the curved verandah rooves as per the concept plans for both laundry and accommodation units;*  
*2. accept CAG's recommendation to paint the verandah posts, handrails and fascias in grey to match the grey paint on the body of buildings;*  
*3. landscaping – Accommodation units - run a concrete footpath from the existing footpath on the northern side of the roadhouse, past a retaining wall (to match existing) to be constructed half way down the lawn at the existing units, to the ramp and continue on with the footpath to the northern side of the ramp as far as the steps. Plant some small native shrubs on the roadside of the footpath to separate pedestrian traffic from vehicular traffic. Plant small native shrubs between existing and new accommodation units; protect leach drains from traffic with timber bollards. Laundry – spread gravel over leach drains; run concrete path on the western side of the laundry, heading north to clotheslines; plant small native, shallow rooted shrubs between leach drains; protect leach drains from traffic with timber bollards.*

Completion of the Bowling rink including shelters, fencing and landscaping

**Background:**

Tenders for the supply and installation of bowling rinks at the Murchison sports club were advertised in the West on the 13<sup>th</sup> August 2014. At the Ordinary Meeting of Council on the 19<sup>th</sup> September 2014, it was resolved to accept the tender from Evergreen, who installed the bowling rinks in early June.

**Comment:**

Records in the file indicate that it was the intention of council that a high fence in keeping with the other three perimeter fences, be installed between the tennis court and the bowling rinks. However, there is no record of conversations regarding shelters at either end, style of perimeter fencing around the bowling rinks or landscaping.

The Community Advisory Group were to have inspected the project this morning in order to make some recommendations to Council regarding these finishing items, but the wet weather meant that roads have been closed and people can't get into the Settlement. Some emailed ideas are:

Natalie Broad:

Simple shelters for the ends like the ones installed at the roadhouse and caravan park, keeping everything uniform;

Fencing – high fence between tennis court and bowling rink with access gate between and around the bowling rink a weldmesh fence with pipe capping to keep dogs etc out. You then have the option to grow a creeper over it.

Landscaping – pave around the rinks using the same pavers as around the sports club, so everything is uniform.

**Financial Implications:**

The Shire of Murchison received Royalties for Regions funding of \$120,000 for the construction of two bowling rinks. There is enough funding to cover the construction of the rinks, fencing and landscaping. We will fall short for the shelters at either end, but won't know by how much until a design is decided on and quotes sourced. If we fall short, we will need to factor the shortfall into the 2015/16 Budget.

**Consultation:**

Community Advisory Group

**Recommendation:**

*That Council:*

1. erect a high fence between the tennis court and bowling rink, including access gate between, using the same materials as the existing fence;
2. fencing around bowling rink TBA;
3. pave around the rink, using the same pavers as those used around the sports club; **or** concrete around the rinks (delete whichever is not applicable);
4. erect 'Seaside Shelters' at either end, in keeping with the shelters erected at the roadhouse and caravan park.

**Council Decision:**

**Moved: Councillor Squires**

**Seconded: Councillor Whitmarsh**

1. erect a high fence between the tennis court and bowling rink, including access gate between, using the same materials as the existing fence (linkmesh);
2. fence around the rink in heritage green colourbond 1.5 m high – to the southern, western and northern sides;
3. pave around the rink using the same pavers as those used at the sports club;
4. erect 'Seaside shelters' at either end, in keeping with the shelters erected at the roadhouse and caravan park.

**21.3 Staff Farewell**

Councillor Squires queried why community members couldn't come to Trev & Leanne's farewell.

The President explained that there had been some confusion about who was doing what and that Council had decided that the Community could organise a going away party if they felt it was warranted.

Councillor Foulkes-Taylor thought that they had made a mistake. In future, if Council decide to have one, then community should be invited.

Councillor Williams said that it was a staff send off and a bit rude for people to invite themselves.

Councillor Broad said that the President had been keen to include the community in the send-off but it was a staff invoked send-off to which Councillors had been invited.

The Works Supervisor returned to the meeting at 4:00 pm

Councillors Foulkes-Taylor & Squires left the meeting at 4:02 pm, declaring an interest in the discussion on Flood Damage.

The works Supervisor left the meeting at 4:02 pm and returned at 4:03 pm

**21.4 Flood Damage**

The Works Supervisor discussed the latest round of flood damage funding, suggesting that we run it as three separate jobs, staggering the start time to make it easier on the cash flow. He suggested that it all be tendered at once, but the tender would allow for the three different start times, rather than three different tenders. There was a general consensus that this would work and that the successful contractor should provide their own fuel.

Councillor Broad left the meeting at 4:32 pm and returned at 4:33 pm with Councillors Foulkes-Taylor and Squires.

**21.5 Councillor Squires Resignation**

Councillor Squires handed in his resignation, effective at the end of today's meeting, citing work commitments taking him away from the Shire.

President Halleen said it would be a sad loss.

The following motion was put to Council by Councillor Foulkes Taylor – that Council resolves to seek approval from the Electoral Commission to leave the seat vacant until the ordinary election in October 2015:
