15.1.2 Technical Officers Update Report

#### 2019-20 Plant Report

A summary of the overall Plant Operations for 2019/20 is attached.

#### Technical Officers Update Report

As attached

#### Construction Crew

The construction crew have had a somewhat interrupted start to the re-sheet job at Bullardoo due to the last few rain events; not that anyone is moaning too loudly. They spent a week helping with fencing around the new houses as well as a few odd jobs around the settlement. Ivor has had a knee replacement which appears to have gone off well and Roger Criddle has come in as a stand in until his return. By the time Council meets construction works should be well underway again.

#### Maintenance Crew

The maintenance crew spent 4 days on the earthworks around the new houses and they went back to maintenance grading on the Beringarra-Pindar Rd heading North. The Mileura-Nookawarra Rd has been completed and by the time Council meets they should be on the unsealed section of the Beringarra-Cue Rd. The little moisture in the north east corner of the Shire has improved the grading conditions markedly.

## FLOOD 6

Works are progressing well with very little weather-related interference. The second hand over of works on the west package has been completed.

## FLOOD 7

About half of the west package Flood 7 works have been completed on the Beringarra- Byro Rd. East package (Squires) will only be started later on the Mt Gould Rd.

## Thurkle's Dozing

Due to the rain at Bullardoo this work has been put on hold for a few weeks.

## Grid Replacement

By the time Council meets, the grid south of the Ballinyoo Bridge should be replaced. It would appear that we are having a run on our older grids, especially the ones that have carried a lot of heavy traffic such as on CSIRO related works).

## Comment

*Council noted the substantially increased requirements to apply for and process Flood Damage claims under the changed administrative arrangements now required under DRFAWA and suggested that this issue be discussed at a future meeting of the Murchison Country Zone.*

## **Recommendation**

That the Works Supervisors Report be received and accepted.

## 16.2 2020-2021 Budget Adoption

File:	2.4
Author:	Bill Boehm - Chief Executive Officer Tatjana Erak – Acting Deputy Chief Executive Officer
Interest Declared:	Nil
Date	20 August 2020
Attachments:	16.2.1 Murchison Shire 2020/21 Annual Budget 16.2.2 Murchison Shire 2020/21 Budget Snapshot 16.2.3 Corporate Business Plan Extract Update 16.2.4 Fees and Charges 2020-21 16.2.5 Local Government (COVID-19 Response) Order 16.2.6 Specific Rangelands Biosecurity Budget Request

### Matter for Consideration

Council is to consider the Budget for the 2020-21 Financial Year and the Fees & Charges for 2020-21 in context of the current COVID-19 Coronavirus environment.

### Background

As part of the function of local government and its operations, under Section 6.2 of the Local Government Act 1995, during the period 1 June in a financial year to 31 August in the next financial year, each local government is to prepare and adopt its Annual budget in the prescribed format.

The 2020-2021 draft budget has been developed amongst other things in consideration of the following:

- ~ Strategic Community Plan 2016/17- 2026/27 and Corporate Business Plan 2017-2021 (Plans for the Future)
- ~ 20-year Plant Replacement Plan.
- ~ 20-year Sealing Works Plan
- ~ Developed 3 Year detailed indicative program budgets
- ~ The general COVID-19 Coronavirus environment

### COVID-19 Coronavirus General Influences

Over the past few months Council has received, discussed, and resolved various actions associated with the COVID-19 Environment that we face. Several notable decisions are listed below

- 1 *In responding to the COVID-19 Coronavirus that Council act in accordance with the following principles and rationale associated with health and economic activity*
  - (a) *Our overriding responsibility is to act to protect our citizens and community to prevent, control or abate the serious public health risk presented by COVID-19 by limiting the spread of COVID-19.*
  - (b) *Council will act to ensure that we can function and deliver the required works and services to support and stimulate the local economy.*
- 2 *As requested by the State Government Council agrees to freeze current rate levels for the 2020/21 year.*
- 3 *That Council look to expanding its works program by bringing forward projects that can stimulate the local economy and provide lasting benefits for the community.*

### 2020/21 Budget Summary

Prior to finalising the 2020/21 Council Budget a significant amount of work was undertaken considered by Council at Councillor Workshop Meetings on Thursday 28 May 2020, Wednesday 24 June 2020 and Thursday 23 July 2020

The 2020/21 Budget specifically addresses key in principle views with a strong COVID-19 Coronavirus influence as outlined in the Budget Summary. This document provides budget highlights as well as articulating the overall strategic rationale.

Whilst Budgets are set and delivered on an annual basis, in reality works and services are delivered on a continuous basis with the financial year merely a point in time. Long Term Financial and Asset Management Plans are essential but in the current COVID-19 environment it is also considered prudent to at least look at the situation of at least a 3-year period, given the anticipated changes in an abnormal environment.

Part of the 2020/21 budget processes therefore involved examining such a 3-Year indicative budget. In doing so impacts of inflation have been ignored but also a conservative minimalist approach was taken to potential capital grant income with the full years grants commission allocation included. The figures, whilst not being at a refined budget level nevertheless provide a sound overall picture, especially with respect to variations in capital works over the course of the period.

The Budget Reserves Net Current Assets Summary Graph at the end of this summary highlights this 3-year approach.

Essentially to stimulate the economy and deliver projects to the community, capital works are proposed to be moderately but prudently and responsibly accelerated over the next 12-18 months funded by a combination of revenue, additional grants, and short to medium term loans.

It is considered prudent that document this be formally endorsed by Council given the strategic importance to the 2020/21 Budget to in part address the current COVID-19 pandemic, and desires that all levels of governments look to stimulate to assist in the recovery of the economy. Accordingly, it has been included in the formal budget documents

#### 2020/21 Budget Snapshot

The attached 2020/21 Budget Snapshot is a two page simple summary.

#### Local Government (COVID-19 Response) Order 2020

In response to the current COVID-19 Coronavirus environment The Minister for Local Government has implemented the *Local Government (COVID-19 Response) Order 2020* which have implications for Local Government on how Council makes rating and budget decisions.

A copy of the Order is attached with the following specific clauses addressed in the report recommendations

#### *Ministerial Order Clause 7 – Section 6.2 modified (local government to prepare annual budget)*

To evidence compliance with Ministerial Order clause 7, it is essential to demonstrate that Council has considered the consequences of the COVID-19 pandemic and incorporated them to the preparation of the 2020/21 budget and particularly how these considerations have varied or impacted the previously adopted priorities arising from the Community Strategic Plan and Corporate Business Plan (Plan for the Future).

As outlined above in this instance various priorities may have been substantially impacted because of the consequences of the COVID-19 pandemic. As such Council may need to plan for a future review of the Community Strategic Plan and Corporate Business Plan in accordance with Administration Regulations Part 5, Division 3 but in any event the Corporate Business Plan was identified for review in 2021

The Budget has been adapted to the with the view to achieving the community's vision and Shire's strategic goals use outlined by the Shire's Strategic Community Plan 2016/17 -2026/27 and Corporate Business Plan 2017-2021 which together form the Shire Plan for Future.

Specific elements of the plan that have been directly impacted by the current COVID-19 Coronavirus environment are outlined in the attached Corporate Business Plan Extract Update.

It is also considered essential that once the budget is adopted that the State Government be formally and informally advised extent of COVID-19 response items that Council is pursuing so that our efforts are known.

*Ministerial Order Clause 8 – Section 6.13 modified (interest on money owing to local governments)*

Section 6.13 enables Local Governments to adopt (by absolute majority) an interest rate applicable to any amount of money owed to the Local Government (other than rates and service charges), that has been owed for a period of time not less than 35 days after the date issued as stated on the account for payment.

*Ministerial Order clause 10 – Section 6.34 modified (limit on revenue or income from general rates)*

Section 6.34 amends the lower limit of budget deficiency on revenue or income to be derived from general rates from 90% to 80%. The maximum limit of 110% remains.

In out instance, as per previous practices we have budgeted for 100% of the 2020/21 budget deficiency.

*Ministerial Order Clause 9 – Section 6.33(3) modified (differential general rates) - being twice the lowest differential rates*

*Ministerial Order Clause 11 – Section 6.35(5) modified (minimum payment)*

*Ministerial Order Clause 12 – Section 6.36 modified (local government to give notice of certain rates)*

2019-20 has seen many implications from COVID-19. Currently local governments have been requested to freeze their rates for the upcoming financial year and at the March Council Meeting Council resolved to do so.

In addition and the April Ordinary Meeting, Council noted that moves by the industry to defer valuations were unsuccessful meaning that only when rates modelling was undertake could Council then be in a position to know what rates in the \$ and minimum rates would be required to deliver a total zero rate increase.

Rate rolls for 2020-21 have been received, finalised and rates modelling undertaken. This indicates that as per Councils March 2020 decision the Shire will be working on the basis that the rates levied for 2020-21 will remain at \$465,397 with the rates in dollar and minimum rates to remain unchanged.

Under these Local Government Act Ministerial Orders in order have an easement on requirements for both advertising the proposed rates in the dollar and applying to the Minister of Local Government for approval of said proposed rates both the minimum rates and rates in the \$ cannot be any higher than that which applied in 2019/20.

In our situation both apply meaning that advertising and seeking ministerial consent for differential rating is not required. Whilst we have already advertised our intention, in order to satisfy the requirement of the Ministerial Order we must place details of differential rates and minimum rates on our website within 10 days of the resolution.

*Ministerial Order Clause 13 – Section 6.45 modified (options for payment of rates or service charges)*

Ministerial Order clause 13(3) prohibits Local Governments from applying an additional charge and / or interest under s.6.45(3) on a rate or service charges instalment arrangements on an excluded person (being a residential ratepayer or small business ratepayer that is considered by the Local Government to be suffering financial hardship as a consequence of the COVID-19 pandemic).

In addition, Ministerial Order clause 13(4) limits the interest rate to 3% (maximum) applicable to a rate / service charge instalment arrangement, if a financial hardship policy has not been adopted.

If a financial hardship policy has been adopted by Council, then the 5.5% interest rate [FM r.68] can be applied to ratepayers, including residential and small business ratepayers suffering financial hardship not related to COVID-19 or that choose to pay by instalment for any other reason.

The purpose of the Financial Hardship Policy, (which is detailed elsewhere in the Agenda) is to establish principles that guide decisions about whether or not financial hardship exists and whether or not it is as a result of COVID-19, so that decisions are transparent, accountable and consistent.

In our instance Council currently does not charge by way of interest for ratepayers who elect to pay their rates by instalments, a situation that will remain for 2020/21. As such regardless of hardship in a general sense or specifically related to COVID-19 no additional charges would apply.

*Ministerial Order Clause 14 – Section 6.51 modified (accrual of interest on overdue rates or service charges)*

Ministerial Order Clause 14 prohibits local governments from imposing under s.6.51 an interest rate exceeding 8% (applicable to unpaid rates or services charges after becoming due and payable) and provides that this interest cannot be imposed on an excluded person (being a residential ratepayer or small business ratepayer that is considered by the Local Government to be suffering financial hardship as a consequence of the COVID-19 pandemic).

The Ministerial Order requires Council's resolution to explicitly state the requirement for interest to not apply to an excluded person.

In our instance Council has not adopted a financial hardship Policy (a situation which is detailed elsewhere in the Agenda). Currently charges an interest rate (applicable to unpaid rates or services charges after becoming due and payable) of 8%. This is the maximum now applicable under the Ministerial Order. As such regardless of hardship in a general sense or specifically related to COVID-19 no additional charges would apply, but in any event, it cannot be applied to excluded persons as defined under the Order.

Elected Members Fees and Allowances for 2020/21

Council is required to on an annual basis to determine fees and allowances for elected members. The range of permitted fee are determined under the *Salaries and Allowance Act 1975* as determined by the Salaries and Allowances Tribunal and as outlined in the 8 April 2020 Determination. Traditionally Council has adopted an Annual Attendance Fee in lieu of a per meeting attendance fee.

Details of applicable Fees and Allowances are shown as follows:

Tribunal Fee & Allowances (Band 4 Council)	Council Member		President	
	Minimum	Maximum	Minimum	Maximum
Annual Attendance Fees Council Member / President	\$3,589	\$9,504	\$3,589	\$19,534
Annual Allowance for President			\$513	\$20,063
Annual Allowance for Deputy President (25% of President)	\$128	\$5,015		
Information & Communication Technology (ICT)	\$500	\$3,500		

It is for Council to determine Member fees and allowance so long as they set are within the allowable limits.

Apart from the annual allowance for the President, which appears on the surface to be well under the mark for the work undertaken, except for Member Annual Attendance Fees which is at the maximum a general notional 2% increase has been suggested and included in the recommendation as per the following table.

Murchison Fee & Allowances	Council Member		President	
	Current	Proposed	Current	Proposed
Annual Attendance Fees Council Member / President	\$9,504	\$9,504	\$13,023	\$13,824
Annual Allowance for President			\$10,032	\$12,032
Annual Allowance for Deputy President (25% of President)	\$2,508	\$3,008		
Information & Communication Technology (ICT)	\$1,750	\$1,785		

## Fees and Charges

All of the fees and charges which applied in 2019/20 and which had been reviewed considering the cost to Council and by comparing the proposed Fee or Charge to that charged by alternative suppliers in a similar situation, have remained at current levels. With the exception of the Roadhouse Fuel Price, which was readjusted by Council at the October 2020 Meeting, all fees are those that were adopted at the 2019/20 Budget.

## Specific Written Budget Requests

Only one specific request has been received by Council prior to consideration of the budget. As attached the Carnarvon Rangeland Biosecurity Association has written and requesting cash contribution of between \$20,000 and \$30,000.

Last year an amount of \$30,000 was provided. Following preliminary discussions at Councillor Workshops a cash contribution to the Association of \$10,000 has been included in the budget with the 13101 Vermin Control Budget has increased to \$19,000 to fund additional local support initiatives. Should this remain the view then the Association should be advised accordingly.

## Statutory Environment:

### Budget Adoption

Local Government Act 1995

*Note as modified by the Local Government (COVID-19 Response) Ministerial Order 2020*

Section 6.2 of the Local Government Act 1995.

*Section 6.2(2) of the Act requires that in preparing its annual budget the Council is to have regard to the contents of its plan for the future prepared in accordance with section 5.56. Under the Integrated Planning Framework for Local Government, that is the Community Strategic Plan. This section requires that Council must prepare detailed estimates of:*

- (a) Expenditure;*
- (b) Revenue and income, independent of general rates*
- (c) The amount required to make up the 'deficiency' if any shown by comparing the estimated expenditure with the estimated revenue and income.*

*Section 6.2(3) requires that all expenditure, revenue and income must be taken in account unless otherwise prescribed. Local Government (Financial Management) Regulation 32 prescribes amounts that may be excluded in calculating the 'budget deficiency'*

*Section 6.2(4) requires the annual budget to incorporate:*

- (a) Particulars of estimated expenditure proposed;*
- (b) Detailed information relating to the rates and service charges which will apply, including:*
  - (i) Amount estimated to be yielded by the general rate*
  - (ii) Rate of interest to be charged on unpaid rates and service charges;*
- (c) Fees and charges;*
- (d) Borrowings and other financial accommodations proposed;*
- (e) Reserve account allocations and uses;*
- (f) Any proposed land transactions or trading undertakings per section 3.59*
- (g) Such other matters that are prescribed*

### *Elected Member Fees & Allowance*

Sections 5.98 to Section 5.99A Local Government Act 1995

Section 7A Salaries & Allowance Act 1975

### Strategic Implications

As outlined above the Budget has been adapted to the with the view to achieving the community's vision and Shire's strategic goals use outlined by the Shire's Strategic Community Plan 2016/17 -2026/27 and Corporate Business Plan 2017-2021 which together form the Shire Plan for Future.

### Sustainability Implications

Environmental	There are no known significant environmental considerations
Economic	There are no known significant economic considerations
Social	There are no known significant social considerations

### Policy Implications

Nil

### Financial Implications

The 2020-21 budget will guide the activities of the Shire for the financial year, but also in context for future years.

Date: 20 August 2020  
Attachments: 18.1.1 COVID-19 Financial Hardship Policy

#### Matter for Consideration

Consideration of new policy to provide a process to deal applications from ratepayers seeking relief from paying interest on their local government rates and charges.

#### Comment

Given that Council currently has no Financial Hardship Policy in place then it is considered appropriate to provide a process to deal applications from ratepayers seeking relief from paying interest on their local government rates and charges

Council currently has no policy in place to provide a process to deal applications from ratepayers seeking relief from paying interest on their local government rates and charges.

In the light of the current COVID-19 pandemic which highlights the potential need for such a policy, it is considered appropriate to address this matter

The Minister for Local Government made the *Local Government (COVID-19 Response) Order 2020*

The Order relates to the following sections of the Local Government Act 1995:

- ~ 5.27 & 5.28 - Electors General and Special Meetings
- ~ 5.94 - Inspection of local government information
- ~ 6.2 – Local government to prepare budget

- ~ 6.13 – Interest on money owing to local governments
- ~ 6.33 – Differential general rates
- ~ 6.34 – Limit on revenue or income from general rates
- ~ 6.35 – Minimum payment
- ~ 6.36 – Local government to give notice of certain rates
- ~ 6.45 – Options for payment of rates or service charges
- ~ 6.51 – Accrual of interest on overdue rates or service charges
- ~ 9.51 – Giving documents to local governments

The Minister is encouraging all local governments to adopt a financial hardship policy. The Western Australian Local Government Association has released a template Financial Hardship Policy. The attached draft Policy Financial Hardship is based on this template.

Statutory Environment

Local Government Act 1995 (as amended)

- ~ 6.45 – *Options for payment of rates or service charges*
- ~ 6.51 – *Accrual of interest on overdue rates or service charges*
- ~ 6.13 – *Interest on money owing to local governments*

Policy Implications

There are no other policy implications

Strategic Implications

There are no strategic implications

Risk Implications:

There are no risk implications

Financial Implications

The Order made by the Minister means that the Shire will forgo interest income from ratepayers who successfully apply for financial hardship under the policy. The draft budget for 2020/2021 may result in some minor reduction in income from instalment and penalty interest.

**Recommendation**

That the attached Financial Hardship Policy be adopted and advertised accordingly.

Voting Requirements

Simple Majority

*Note that following discussion, Council decided to have the policy apply to the COVID-19 period only and be amended and renamed accordingly.*

## 18.2 Local Government Review Panel Final Report

### Matter for Consideration

WALGA Murchison Zone Meeting input into the State Council Agenda Item 5.5 relating to the Local Government Review Panel Final Report.

### Background

#### *Local Government Review Panel Final Report*

In 2017 the McGowan Government announced a review of the Local Government Act 1995. This is the most significant and comprehensive reform of local government legislation conducted in more than two decades. The objective is for Western Australia to have a new, modern Act that empowers local governments to better deliver for the community. The vision is for local governments to be agile, smart and inclusive.

Given the breadth of matters covered by the Local Government Act, a staged approach to the review has been adopted:

- ~ Stage one: priority reforms
- ~ Stage two: wide ranging reforms

The majority of the stage one priority reforms are now in place following the passage of the *Local Government Legislation Amendment Act 2019*. These reforms include:

- ~ A new gift framework for elected members;
- ~ A mandatory online induction for all candidates;
- ~ Universal training for elected members;
- ~ Changes to the Standards Panel; and
- ~ Easier access to information to provide greater transparency to the community.

The remaining priority reforms which are expected to be implemented later this year include:

- ~ New mandatory code of conduct for elected members, committee members and candidates;
- ~ Best practice standards for Chief Executive Officer (CEO) recruitment, performance review and early termination; and
- ~ Further transparency measures.

Community consultation was conducted on stage two topics between September 2018 and March 2019 by the Department of Local Government, Sport and Cultural Industries (the Department) with the input of a stakeholder reference group. After this a panel of experts was formed to provide more detailed consideration and to develop policy responses to guide the development of the new Act. The role of the Panel was to guide the review's strategic direction and to consider and recommend high level guiding principles of the new Act.

This report reflects the work of the Panel. It is divided into two sections: Part A provides the strategic overarching direction, with Part B outlining the Panel's detailed recommendations within that framework.

## *WALGA State Council Agenda Item 5.5 Local Government Review Panel Final Report*

I understand that as part of the original consultation process for the Review, following consultation with all local governments, WALGA provided a collective submission to the Review Panel. Now that the Final Report has been released WALGA has outlined an Agenda Item that is to be presented to State Council at the next Meeting. Each Zone Meeting is being encouraged to provide feedback.

A copy of this Agenda Item is attached. Essentially it groups matters in three sections namely those sections in which the Panel's recommendations accord with previous WALGA positions, those that don't and those that a sector view has yet to be obtained.

### *Process*

At a recent WALGA Webinar that I attended it was indicated that it would be highly unlikely that formal legislation would be introduced into State Parliament prior to the scheduled WA election and in any event normally draft legislative bills are circulated , for comment prior to this occurring. Nevertheless, WALGA indicated that it would be desirable to have a sector position prior to the election

### Local Input

Murchison Zone delegate Les Price who represents the views if the Murchison Zone and hence our Council, has indicated that he really wants to make sure he represents the Zone's position accurately on this important issue.

In this regard following discussions with the Murchison Zone Chair in order to simplify a potential response, Cue CEO Rob Madson has compiled a schedule of key issues against each of the Review Panel Reports recommendations and WALGA's position that are thought to be amongst those that Council may wish to consider and from a position on.

A copy is attached. Where relevant I have added in my comments to assist.

### Statutory Environment

A raft of potential amendments to the Local Government Act 1995 may eventually result.

### Policy, Strategic, Risk and Financial Implications

Although unknown amendments to the Local Government Act 1995 as part of this reform will likely impact in some way in all such areas.

### **Recommendation**

It is up to Council to form a position or not and to advise our delegate in time to ensure that any input into the Zone position is put.

### Voting Requirements

Simple Majority

*Note Council examined in detail on recommendation by recommendation basis the Local Government Review Panel's Final Report in relation to recommendations for a new Local Government Act in Western Australia and WALGA's review and recommendations of that report before moving the following resolution*

## Council Decision

File:

Author: Tatjana Erak – Acting Deputy Chief Executive Officer

Interest Declared: No interest to disclose

Date 26 August 2020

Attachments: 20.1.1 Monthly Management Financial Report June 2020

### Matter for Consideration

The Local Government (Financial Management) Regulations 1996 Regulation 34 requires that local government report monthly and prescribes what is required to be reported. Council is required to consider adopting the Monthly Financial Statements.

### Comments

The June closing balances are still a work in progress and hence the balances may change as further journals are processed as noted by either the Shire or Moore Australia. A copy of the draft annual financial statements is due to Moore Australia at the end of September and checklists are being used to ensure that all amendments have been accounted for or followed up.

### Variations

- All allocations and overheads are still being reviewed as part of the end of year/budget process.
- Federal Assistance Grant prepayment for 2020-21 was receipted prior to 30 June.
- Recovery costs for select plant eg fire truck, are being investigated.
- Roadhouse fuel sales are offset by fuel purchases.

### Budget/Financial Implications:

Reports showing year to date financial performance allow monitoring of actual expenditure, revenue and overall results against budget targets.

### Consultation
