Compilation Report

To the Council

Shire of Murchison

Scope

We have compiled the accompanying special purpose financial statements.

The specific purpose for which the special purpose financial report has been prepared is to provide information relating to the financial performance and financial position of the Shire that satisfies the information needs of the Council and the Local Government Act 1995 and associated regulations.

The responsibility of the Shire

The Shire is solely responsible for the information contained in the special purpose financial report and have determined that the accounting policies used are consistent and are appropriate to satisfy the requirements of the Council and the Local Government Act 1995 and associated regulations.

Our responsibility

On the basis of information provided by the Shire, we have compiled the accompanying special purpose financial statements in accordance with the significant accounting policies adopted as set out in Note 1 to the financial statements and APES 315: Compilation of Financial Information.

Our procedures use accounting expertise to collect, classify and summarise the financial information, which the Management provided, into a financial report. Our procedures do not include any verification or validation procedures. No audit or review has been performed and accordingly no assurance is expressed.

To the extent permitted by law, we do not accept liability for any loss or damage which any person, other than the Shire of Murchison, may suffer arising from negligence on our part.

This report was prepared for the benefit of the Council of the Shire of Murchison and the purpose identified above. We do not accept responsibility to any other person for the content of the report.

1. SIGNIFICANT ACCOUNTING POLICIES

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations* 1996 *Regulation* 34.

The material variance adopted by the Shire of Murchison for the 2023/24 year is \$10,000 or 10%, whichever is greater. Items considered to be of material variance are disclosed in Note 2.

The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation. The preparation also requires management to make judgements, estimates and assumptions which effect the application of policies and the reported amounts in the statements and notes. These estimated figures are based on historical experience or other factors believed to be reasonable under the circumstances. Therefore, the actual results may differ from these reported amounts.

Actual and Budget comparatives are presented in year to date format unless otherwise stated. The Adopted Budget is used in the report until superseded by the Budget Review.

Preparation

Prepared by: Bertus Lochner Reviewed by: Travis Bate Date prepared: 21 Jun 24

(a) Basis of Preparation

The following financial statements are special purpose financial statements that have been prepared in accordance with the Australian Accounting Standards, Authoritative Interpretations, the *Local Government Act 1995*, and regulations, within the context in which they relate to local governments and not-for-profit entities.

With the exception of the cash flow statement and rate setting information, the following report has been prepared on an accrual basis with balances measured at historical cost unless subject to fair value adjustments. Items subject to fair value adjustments include certain non-current assets, financial assets, and financial liabilities. Items such as assets, liabilities, equity, income and expenses have been recognised in accordance with the definitions and recognition criteria set out in the Framework for the Preparation and Presentation of Financial Statements.

These financial statements comply with, and supersede, the Australian Accounting Standards with the *Local Government* (*Financial Management*) Regulations 1996 where applicable. Further information is provided in Note 1(i).

The functional and presentation currency of the report is Australian dollars.

(b) The Local Government Reporting Entity

The Australian Accounting Standards define local government as a reporting entity which can be a single entity or a group comprising a parent and all its subsidiaries. All funds controlled by the Shire in order to provide its services have formed part of the following report. Transactions and balances related to these controlled funds, such as transfers to and from reserves, were eliminated during the preparation of the report.

Funds held in Trust, which are controlled but not owned by the Shire, do not form part of the financial statements. Further information on the Shire funds in Trust are provided in Note 5.

(c) Rounding of Amounts

The Shire is an entity to which the *Local Government (Financial Management) Regulations 1996* applies and, accordingly amounts in the financial report have been rounded to the dollar except for amounts shown as a rate in the dollar. Where total assets exceed \$10,000,000 in the prior audited annual financial report, the amounts may be rounded to the nearest \$1,000.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

(e) Superannuation

The Shire contributes to a number of superannuation funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

(f) Cash and Cash Equivalents

Cash and cash equivalents normally include cash on hand, cash at bank, deposits on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

(g) Financial Assets at Amortised Cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

(h) Inventories

General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs related to completion and its sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed. Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point. Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(i) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed on the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected credit loss allowance for all trade receivables. To measure the expected credit losses, rates receivables are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

SHIRE OF MURCHISON

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY For the Period Ending 31 May 2024

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Fixed Assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Recognition of Assets

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Gains and Losses on Disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

(i) Depreciation of Non-current Assets

The depreciable amount of fixed assets included in buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Asset Class	Useful life
Buildings & Improvements	7 to 90 years
Furniture and equipment	3 to 25 years
Plant and equipment	5 to 20 years
Sealed roads and streets	
formation	not depreciated
pavement	12 years
seal	10 years
- bituminous seals	20 years
- asphalt surfaces	25 years
Gravel roads	
formation	not depreciated
pavement	45 years
Footpaths	10 years
Culverts	60 years
Signs	20 years
Stock Grids	80 years
Floodways	21 years
Water supply piping and drainage systems	75 years
Bridges	80 years

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

(m) Prepaid Rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

(n) Employee Benefits Short-term employee benefits

Provision is made for the Shire's obligation for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled. The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in the statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(o) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. Subsequent measurement is at amortised cost using the effective interest method. The annual government guarantee fee is expensed in the year incurred.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied. Fair values of borrowings are not materially different to their carrying amount, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on the discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the unobservable inputs, including own credit risk.

SHIRE OF MURCHISON NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDING 31 May 2024

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measure using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(q) Contract Liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

(r) Current and Non-current Classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

(p) Nature or Type Classifications

Rates

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges.

Grants, Subsidies and Contributions

Refer to all amounts received as grants, subsidies and contributions that are not capital grants.

Capital Grants, Subsidies and Contributions

Amounts received specifically for the acquisition, construction of new or the upgrading of non--current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Revenue from Contracts with Customers

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

Profit on Asset Disposal

Gain on the disposal of assets including gains on the disposal of long term investments.

Fees and Charges

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Service Charges

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Excluding rubbish removal charges, interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Revenue / Income

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

Employee Costs

All costs associated with the employment of a person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

(p) Nature or Type Classifications (Continued)

Materials and Contracts

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Utilities (Gas, Electricity, Water, etc.)

Expenditures made to the respective agencies for the provision of power, gas, water and communication expenses. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

Loss on Asset Disposal

Loss on the disposal of fixed assets.

Depreciation on Non-current Assets

Depreciation expense raised on all classes of assets.

Finance Cost

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Other Expenditure

Statutory fees, taxes, provision for bad debts, member's fees or State taxes, donations and subsidies made to community groups.

SHIRE OF MURCHISON

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY

For the Period Ending 31 May 2024

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(q) Program Classifications (Function / Activity)

Council operations as disclosed in these financial statements encompass the following service orientated activities/programs.

GOVERNANCE

Administration and operation of facilities and services to members of Council. Other costs that relate to the task of assisting elected members and electors on matters which do not concern specific Council services.

GENERAL PURPOSE FUNDING

Rates, general purpose government grants and interest revenue.

LAW, ORDER AND PUBLIC SAFETY

Supervision of various by-laws, fire prevention and animal control.

HEALTH

Monitor health control standards within the community, provide support and assistance with airstrips to enable all residents access to the Royal Flying Doctor for regular and emergency health services.

EDUCATION AND WELFARE

Support of education facilities within the Shire and of any external resources necessary to assist with education programmes for all residents.

HOUSING

Provision and maintenance of staff housing.

COMMUNITY AMENITIES

Maintain a refuse site for the settlement.

RECREATION AND CULTURE

Provide a library and museum and operation there of. Maintain recreation centre, sports field, parks, gardens and other recreational facilities.

TRANSPORT

Construction and maintenance of roads, drainage works and traffic signs. Maintenance of the settlement airstrip.

ECONOMIC SERVICES

Building control, provision of power and water supplies. Supply and maintenance of television re-broadcasting installation. Provision of radio communication. Maintenance of caravan park. Vermin control and area promotion.

OTHER PROPERTY AND SERVICES

Private works operations, plant repairs and operation costs.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Revenue Recognition Policy

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns / Refunds / Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	None	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Service charges	Charge for specific service	Over time	Payment dates adopted by Council during the year	Refund in event monies are unspent	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or
Grants with no contract commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue) None	Set by State legislation or limited by legislation to the cost of provision	Based on timing of issue of the associated rights	No refunds	On payment and issue of the licence, registration or approval
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	Set by State legislation	Apportioned equally across the inspection cycle	No refunds	After inspection complete based on a 4 year cycle

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Revenue Recognition Policy (Continued)

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns / Refunds / Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Other inspections	Regulatory Food, Health and Safety	Single point in time	Full payment prior to inspection	None	Set by State legislation or limited by legislation to the cost of provision	Applied fully on timing of inspection	Not applicable	Revenue recognised after inspection event occurs
Property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	Adopted by council annually	Based on timing of entry to facility		On entry or at conclusion of hire
Fees and charges for other goods and services	Cemetery services, library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Adopted by council annually	Applied fully based on timing of provision	Not applicable	Output method based on provision of service or completion of works
Sale of stock	Roadhouse fuel & kiosk sales.	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	Adopted by council policy & annual fees and charges review, set by mutual agreement	U	Returns limited to repayment of transaction price	Output method based on goods
Commissions	Commissions on licencing and ticket sales	Over time	Payment in full on sale	None	Set by mutual agreement with the customer	On receipt of funds	Not applicable	When assets are controlled
Reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	Set by mutual agreement with the customer	When claim is agreed	Not applicable	When claim is agreed

2. EXPLANATION OF MATERIAL VARIANCES

Variances which have exceeded the thresholds are listed below by Program. Significant variances within the Program are listed underneath it by Nature or Type.

The material variance adopted by Council for the 2023/24 year is \$10,000 and 10%.

				Timing /	
Nature or Type Operating Revenues	Var \$	Var %	Var	Permanent	Explanation of Variance
Rates	(1,401,143)	(66%)	•	Permanent	Rates on Miscellaneous Mining Licences refunded Apr 24.
Grants, Subsidies and Contributions	(2,283,423)	(58%)	•	Timing	Main contribution to difference relates to flood damage timing of claims opposed to budget profile. See Note 12 for further detail.
Fees and Charges	(59,394)	(11%)	•	Timing	Mostly related to Roadhouse Fuel Sales which are \$57,000 below budget.
Interest earnings	22,884	19%	A	Timing	Timing of quarterly earnings on Term Deposit Reserve bank account.

Operating Expense

Employee Costs	174,741	13%	A	Timing	Below budget year to date expenditure due to vacancies.
Materials and contracts	2,497,420	43%	A	9	Mainly due to timing of Flood Damage works which are \$2.8M below budget. Offset by above budget expenditure on SKA Road Maintenance (\$240K), General Roads Maintenance (\$137K)
Other expenditure	40,411	27%	A	Timing	Timing differences in relation to payment of member costs.

2024/25 Financial Year

Objects of and Reasons for Proposed Differential Rates and Minimum Payments

Council Meeting 23 May 2024

Introduction

Through the Local Government Act 1995, Part 6, the Western Australian Parliament has conferred upon local government the power to levy and collect property tax in the form of rates. Property taxes are, with rare exemptions, not fees for service or relate to directly or indirectly an any specific services provided by a local government. Just like income tax they are a just that, a tax; with variations in levels bases in an assessment of principles of taxation.

Overall Objectives

The purpose of levying rates is to meet a local governments' budget deficiency in each financial year in order to deliver services and facilities as detailed in the Strategic Community Plan, Corporate Business Plan, Asset Management Plan and Long-Term Financial Plan, but also address issues that arise from time to time that have impacts on the Council budget.

Historically, Council has imposed differential rates on the basis of whether land is used for pastoral purposes, mining or mineral prospecting and exploration as it considers that under the general principles of taxation differential rating this is more equitable than a flat rate. It is essential for equity reasons to ensure that differential rating proposals are highly equitable amongst ratepayer groupings, which in themselves are diverse and optimise total rate yields in a legally compliant manner.

Council's overall objective is to balance these complex issues and levy property rates in a fair and equitable manner within Council's overarching philosophy to consider the key values of objectivity, fairness and equity, consistency, transparency, and administrative efficiency.

Reasons

Context

Murchison located within the broader Mid-West region of Western Australia and is known for being both the least populated local government area, and the only one without a town. Murchison Settlement acts as the heart of the Shire and is home to both the 'Oasis' Roadhouse and Shire Office and all Shire employees. It therefore it has no residential, commercial or industrial rate base in which to draw upon. It does, however, have an important responsibility for the maintenance of a vast network of inland roads, as well as providing support for travellers and locals through the provision of fuel services, a caravan park, recreational services, power, water and an aerodrome. Unlike other local governments many of these costs are for the most part additional to a normal local government operation.

For the Financial years 2020/21 to 2022/23, Council also acknowledges the strategic importance of the Budget, given the COVID-19 pandemic situation, and desires that all level of governments look to stimulate to assist in the recovery of the economy and council's positive response to this scenario. Like those budgets, the 2024/25 budget will still be affected by these considerations in part as the Council has received significant COVID19 related grants which inevitably require additional top up expenditure and needs to service a road loan associated with this stimulus approach.

More importantly significant changes have occurred since 2017 Council's Asset Management Plan and Long-Term Financial Plan were adopted with updated plans adopted in 2024. A recent review has confirmed a lift in rate revenue is required to fund immediate and long-term works and to address intergenerational issues. In accordance with sound practice as far as practicable rates in the \$ adopted from year to year are set excluding any *Natural Decline or Growth*.

Council is satisfied that the services and facilities it provides are managed efficiently and effectively and that it is adapting in an appropriate manner to the COVID19 environment and with it meeting significant the significant challenges of the times. Council remains of the opinion, one that is shared universally in the Region that it is appropriate to rate differentially in order to meet the budget deficiency.

As part of its drive to ensure efficiency and transparency within the organisation, Council continuously reviews its budget to ensure income and expenditure targets will be met. It also reviews the appropriateness and effectiveness of its risk management, internal control and legislative compliance as required under *Local Government (Audit)* Regulations 1996 and reviews the appropriateness and effectiveness of the financial management systems and procedures of the Shire as per regulation 5(2)(c) of the Local Government (Financial Management) Regulations 1996.

For consistency, Council has ensured that properties that are used for the same purpose are rated in the same way and has considered and analysed in detailed the rates charged by neighbouring councils in its deliberations. For a very small local government achieving equity across the Pastoral and Mining Sectors is not without its challenges but the variable nature of the Minerals Exploration Sector and small size of the rate base also provides an additional complexity. This issue is compounded by the valuation system which is derived from on rents set by the State Government in an environment that has seen mining tenements rise by over 50% compared to pastoral properties since 2015.

In line with the latest Rating Analysis Review including a regional rates benchmarking analysis, it is proposed to consolidate the trend that started in 2021/22 and that has seen in 2023/24 the mining and prospecting and exploration rate differential reduce as a ratio compared to the Pastoral Rate to under 2.0.

UV – Pastoral proposed 9.325 cents in the dollar \$900 min payment

Pastoral UV applies to any land that currently has a pastoral lease granted and is rated as the benchmark level. Council recognises the reduced viability of the sector caused by many years of droughts and floods, the devastation caused by the wild dog problem and noting that many in this category are required supplement their income through non pastoral activities. It also recognises the perpetual nature of the land, use, the long-term commitment of pastoralists to the region, their stewardship of Crown Land and that a non-Shire biosecurity rate is additionally linked to the valuations provided by the Valuer General. Several Pastoral Stations have in recent years also been taken over by the Crown or CSIRO and become non-rateable, thereby further impacting on this rating sector.

UV – Mining proposed 18.550 cents in the dollar \$900 min payment

Mining UV applies to land for which a mining lease has been granted. The mining sector tends to be transitory in nature and benefits from established Shire services and infrastructure which is maintained in the long term with funding assistance by those rate payers who are established long term in the region. A consideration in setting the UV - Mining rate at a higher level than the benchmark UV - Pastoral rate is to ensure that the mining sector's contribution is proportionate to the advantage it gains in using established facilities, and the relatively short time that the operation exists also noting that if a mine is developed into production, it will often place significant additional impacts on roads. Unlike pastoral sector the mining sector does do not pay a biosecurity rate linked to the valuations provided by the Valuer General, even though the mining/exploration sectors may pose a biosecurity risk.

UV - Prospecting & Exploration proposed 18.550 cents in the dollar \$900 min payment

Exploration/Prospecting UV applies to land for which an exploration/prospecting lease has been granted. As with the UV – Mining sector, the UV - Exploration/Prospecting sector tends to be transitory. Mining licences also have a limited intrinsic value unless minerals are found and mined but the opportunity is still afforded to gain advantage from established facilities. Mining licences also have a high turnover of ownership. If a licence is terminated or the lessee does not pay rates for the period of the licence, the rates are generally not able to be recovered by the local government. Administration of licences for rating purposes is technically complex and disproportionate to that of base level rating. Unlike pastoral sector the mining sector does do not pay a biosecurity rate linked to the valuations provided by the Valuer General, even though the mining/exploration sectors may pose a biosecurity risk.

Policy 27 June 2024

5.8 Local Loyalty Scheme

Well-being

Social, Economic

Background

On 27 May 2021 Council adopted Policy 5.2 Roadhouse Operations. Under the Fees and Charges (Prices) section of this policy, subject to any local loyalty scheme approved by Council, prices charged at the Roadhouse shall be uniform for all patrons.

This policy puts into practice the rationale and application for varying prices charged at the Roadhouse but also applies to other aspects relating to a Council Services that Council wish to apply to.

Preamble

Communities come together and set up community businesses to address challenges that they face together. These can be shops, farms, pubs or call centres, among many other types of business. What they all have in common is that they are accountable to their community and the profits they generate deliver positive local impact. Key features of a community business include:

Locally Based

They are based in a particular geographical place and service its needs.

Trading for the Benefit of the Local Community

They are businesses. Their income comes from things like renting out space in their buildings, trading as cafes, selling produce they grow or generating energy.

Accountable to the Local Community:

They are accountable to local people, for example, through a community shares offer that creates members who have a voice in the business's direction.

Broad Community Impact

They engage with a variety of different groups in their community and deliver goods and services for a range of different community needs. They may have a specific focus on certain groups, where this fits into the context of them also supporting the local community more widely. Their goods and services should respond to community needs.

The operation of the Murchison Oasis Roadhouse and Caravan Park meets all of these criteria as an integrated Council Operation.

Future policy and operational decisions as a community focused operation also need to be seen within the context of other Council / Community actions that Council has undertaken including; the provision of a free, weekly community freight collection service, adapting the Shire's fuel delivery contract to

provide for local station access, fuel pricing at the roadhouse on a cost neutral basis over time and maintaining the current approach of ensuring that Roadhouse facilities are kept up to a high standard regardless of current operating arrangements.

Objectives

Implementing a Local Loyalty Scheme is primarily, but not exclusively as part of the operations of the Murchison Oasis Roadhouse and Caravan Park with the aim of ensuring that Murchison Settlement is an attractive focal point that enables the Shire to function successfully and deliver a range of services that will underpin community, cultural and economic development within the Settlement and broader Shire.

As a not-for-profit organisation in a remote area, Council is committed to balancing the desire to make a commercial return with the aims of providing local support, local employment and tourism attraction benefits within a community operation.

Details

General

1 Fees and charges discount (Prices) under this Local Loyalty Scheme apply to goods and services as provided by Council with fees and % discounts as from time to time determined by Council.
